APPENDIX A
DEFERRED SALARY LEAVE PLAN
CITY OF SASKATOON
DEFERRED SALARY LEAVE PLAN

The following is intended to provide a summary of the key features of the City of Saskatoon Deferred Salary Leave Plan (D.S.L.P.). The information has been taken from the official plan document which has been approved by the Board of Administration and an advance tax ruling obtained from the Canada Revenue Agency.

1. What is the purpose of the plan?

To enable eligible Employees to defer a portion of their gross salary in order to pre-fund a mutually agreed upon period of leave from the City.

2. Who is eligible to join the plan?

The D.S.L.P. is available to all permanent exempt and senior administration Employees.

3. What are the enrollment procedures?

An Employee is required to complete an application form specifying the enrollment date, leave period commencement date, return date, and semi-monthly pay period deduction for each plan year. Following review and approval at the Department Head or Division level, payroll deductions are started.

4. How much salary can be deferred?

An Employee can defer anywhere from 10% to 30% of their annual gross salary in a given calendar year. The election to defer must be made prior to the beginning of each calendar year.

5. Are there any stipulations on the leave of absence period?

Yes, the tax regulations covering these plans, specify a minimum leave period of six months and the maximum leave period of twelve months. A further requirement is that the total deferral period and leave period combined cannot exceed six years from the Employee's commencement date under the plan.

Can the amount of salary deferral or the date for the leave of absence be changed?

Only one deferred salary election may be made for each tax year. The election must be completed prior to the beginning of the tax year to which it applies and cannot be changed or discontinued unless you terminate employment. The date of the leave period may be changed with the consent of the General Manager

provided that the "six year rule" (i.e. combined deferral and leave period) is not exceeded.

7. What is the tax status of deferred salary amounts?

The amount of salary which has been deferred will not be included in the Employee's income in the year in which it is earned but will be included for the period of the leave during which time all deferred amounts must be paid to the Employee.

8. Will interest be paid during the deferral period on amounts deferred?

After careful consideration of the tax and other implications of paying interest, it was determined that no interest would be paid. However, it was agreed that the Employer's share of all contributions towards maintaining group life, dental and pension coverage at pre-leave levels would be paid during the period of leave of absence. The Employee's share of such contributions would be deducted in the normal fashion from deferred salary paid during the leave period. This arrangement is covered by the tax regulations and does not constitute a tax benefit whereas any interest paid is taxable in the year it is earned.

9. What happens if an Employee cannot complete the deferral and leave period?

If an Employee terminates employment prior to the completion of the D.S.L.P., the entire amount of his or her deferred salary must be refunded in the tax year termination occurs. An Employee may also discontinue participation in the plan due to financial hardship or other exceptional circumstances in which case all amounts previously deferred must be refunded immediately. Under either circumstance, refunds are fully taxable in the year paid.

10. What happens in the event of death or prolonged disability?

If death occurs during the deferral period, a lump sum refund of amounts previously deferred is paid to the Employee's estate or named beneficiary. Depending upon the severity and likelihood of recovery, a prolonged period of disability during the deferral period will result in either a suspension of deductions or a payout of amounts previously deferred.

11. Are there any restrictions during the leave period?

An Employee may use the approved leave period for any purpose with the exception of any involvement with the City for remuneration. Following completion of the leave the Employee must resume employment with the City for a minimum period of time equal to the leave in order to retain favourable tax status of deferred salary amounts.

12. What about Employee benefits during the deferral and leave period?

The intent is to maintain all Employee benefits pre-salary deferral levels during the deferral and leave period. The notable exceptions are Canada Pension Plan and Unemployment Insurance which stipulate that contributions and benefits must be based on the actual earnings received by the Employee. Vacation accruals and service credits will be suspended during the leave period only and no coverage for Workers' Compensation would be available from the City. As previously stated, the City will continue to pay its share of benefit costs during the leave period.

Letters of Understanding 1: Family Responsibility Leave Pilot

March 1, 2019

Mr. Scott Theede

President

Saskatoon Civic Middle Management Association Local 222

Dear Scott:

Re: Family Responsibility Leave Pilot

During the negotiations of the renewal of the 2013 – 2016 Collective Agreement the Saskatoon Civic Middle Management Association Local 222 raised an issue regarding the importance of assisting employees who require leave from work in order to deal with an illness, injury, medical emergency or urgent matter relating to a family member.

The City has an important role in developing a family friendly workplace including having the necessary policies and practices in place to achieve this goal.

With this in mind the City and the Saskatoon Civic Middle Management Association Local 222 agree to implement a Family Responsibility Leave Pilot Program to address illness, injury, medical emergency or urgent matter relating to a family member.

The pilot will be in place 30 days following ratification until December 31, 2021.

To be eligibility for the pilot program the employee must be a full-time permanent employee who has completed the probationary period contained in the collective agreement.

Family Member is defined as partner, parent, child or other person for which there is a legal guardianship or co-decision-maker responsibility.

During the pilot program eligible employees can take up twenty-four (24) hours in each calendar year because of an illness, injury, medical emergency or urgent matter relating to a family member.

An employee must give an employer notice as soon as is reasonable before taking a leave and the leave must be approved in order to qualify for this entitlement.

This leave will be recorded separately on the appropriate leave form (i.e., separate from sick leave) and tracked so the parties can evaluate the program's success throughout the duration of the pilot. Family Responsibility leave will be drawn from the employee's sick leave credit.

Yours truly,

Marno McInnes

Director, Labour Relations

Letters of Understanding 2: Parenting Leave

March 1, 2019

Mr. Scott Theede

President

Saskatoon Civic Middle Management Association Local 222

Dear Scott:

Re: Parenting Leave

During the negotiations of the renewal of the 2013 – 2016 Collective Agreement the City of Saskatoon discussed legislative changes and pending legislative changes being proposed to maternity/adoption leave and parental leave benefits in Canada.

These legislative changes create an opportunity for the City to review its' current parental leave provisions in order to maximize the benefits of the legislative changes and to develop a parenting leave program that is fair and consistent for all employees of the City.

Sixty days following ratification the City will undertake to meet with you to receive input from and discuss alternatives for a common parental leave program for City employees.

It is understood and agreed that the alternative(s) being considered are intended to ensure the City's parental leave program is aligned with both federal and provincial legislation, is building towards a common benefit entitlement across all collective agreements and does not result in any additional financial cost to the City.

The intent of this process is to enable the City to develop a common cost neutral parental leave proposal that can be tabled at the next round of negotiations.

Yours truly,

Mamo McInnes

Director, Labour Relations

Letters of Understanding 4: Standby Pay

March 1, 2019

Mr. Scott Theede
President
Saskatoon Civic Middle Management Association Local 222

Dear Scott:

Re: Standby Pay

During the negotiations of the renewal of the 2013 – 2016 Collective Agreement the Saskatoon Civic Middle Management Association Local 222 raised an issue regarding the wide range of pay practices that exist in relation to standby pay involving SCMMA members.

The parties acknowledge that there are also a number of different standby requirements that need to be considered and while there is a mutual benefit to having consistent standby pay practices across the bargaining unit, the pay practices need to consider the different standby requirements.

While we work towards a longer-term solution the Association has identified and have requested consideration involving a more immediate inequity. In response, effective 30 days after ratification the current standby pay practices for SCMMA managers, employed in the Roadways, Fleet & Support Division and the Water & Waste Operations Division, will be eliminated.

During the discussion period (i.e., 30 days following ratification up to September 30, 2019) SCMMA members employed in the Roadways, Fleet & Support Division and the Water & Waste Operations Division, will receive a 5% standby compensation provided they continue to be on the standby rotation. Employees on the standby rotation in these divisions who worked between the period July 1, 2018 to 30 days following ratification will be entitled to receive an additional 2% compensation for the actual standby rotation(s) work during this period.

The parties agree to maintain the interim standby compensation practices for a period up to and including September 30, 2019. After the conclusion of this period employees on a standby rotation will receive standby pay of 4% until the final standby pay policy is implemented.

In the event the final standby pay policy results in standby compensation in excess of 4%, employees entitled to standby compensation in excess of 4% will be paid retroactively to October 1, 2019.

The City may change its standby compensation practices by providing the Association with 60 days' notice.

Yours truly,

Marno McInnes
Director, Labour Relations

I concur

Letters of Understanding 6: Standby Pay

March 4, 2019

Mr. Scott Theede

President

Saskatoon Civic Middle Management Association Local 222

Dear Scott:

Re: Standby Pay

This is further to the letter dated March 1, 2019 regarding standby pay. As set out in this letter:

Employees on the standby rotation in these divisions who worked between the period July 1, 2018 to 30 days following ratification will be entitled to receive an additional 2% compensation for the actual standby rotation(s) work during this period.

This will confirm our understanding that provided the employee has fulfilled their standby rotation obligation for this period they will be entitled to 2% compensation on the same basis that standby pay is currently calculated.

Yours truly,

Marno McInnes

Director, Labour Relations
